CHICO ENROLLS 474 STUDENTS

Four hundred seventy-four students enrolled in Chico I.S.D. on August 24, 1983. The parents of kindergarteners hated to see this day arrive, while the seniors' parents thought it never would. The lucky unfortunates are as follows:

Jennifer Bowling, Jamey Carpenter, Mike Hartsell, Yolinda Hornsby, James McCracken, Derinda McGuire, Toni McKnight, Chaz Miller, Randena Moncus, Kristi Monett, Kyle Monett, Amber Morrow, Kristal Perry, Elizabeth Rackley, Zane Richey, Chris Stewart, Ella Windon, George Allen, Jennifer Barnes, Rodney Broussard, Staci Duck, Kaci Duke, Kendall Flatt, Katie Jones, Marty King, B.J. Eight of the twelve girls on the volleyball team were returning from last year's Bi-District winning team. In tournament play the Dragons placed second in the Lake-Worth and Chico tournament and consolation in the Springtown tournament. Individual honors in pre-district play went to Jodi Buckingham and Tiffany Coble. Celina Hartsell was chosen by her teammates to be captain.

JUNIOR VARSITY VOLLEYBALL

LEARNS SPIKIN'

The Junior Varsity Volleyball team consisted of 17 players, one whom was a foreign exchange student, Sanae Shiga. The girls have learned how to play as a team and improved greatly not only at basic skills, but also at spiking.

The J.V. team helped the Varsity girls by hosting the Chico Invitational Tournament and by lending moral support all season long.

She's Our Friend

Who'd have thought it? Our terrific volleyball coach, the one who helped us become a winning team, never played on a high school or college volleyball team

"Why are you so proud of her? Who do you love her so much?" We asked her players these questions.

They said, "When she's mad at us, she doesn't gripe us out; she holds it in. She brought us together. She's a friend."

Coach Ann Ferguson, Sharla Vincent, Julie Daniel, Christie Halman, Kelly Buckner, JoAnn Bible, Bonnie Hand, Dee-Dee Bridges (mgr.), Georgana Evans, LaDawn Howell, D'Layna Douglas, Sharon Broussard, Tonya Smith, Brenda Robinson (mgr.), Jariece Grill, Tammie Jones, Connie Hand, Dona Wootton, Karina Kronenberger, Sanae Shiga.

"The Dragon J.V. played tough football all year long. They continually played against larger squads with more people and never quit. They made some great strides in building the future of Chico football this year. There was valuable experience gained from playing a tough J.V. schedule this year.

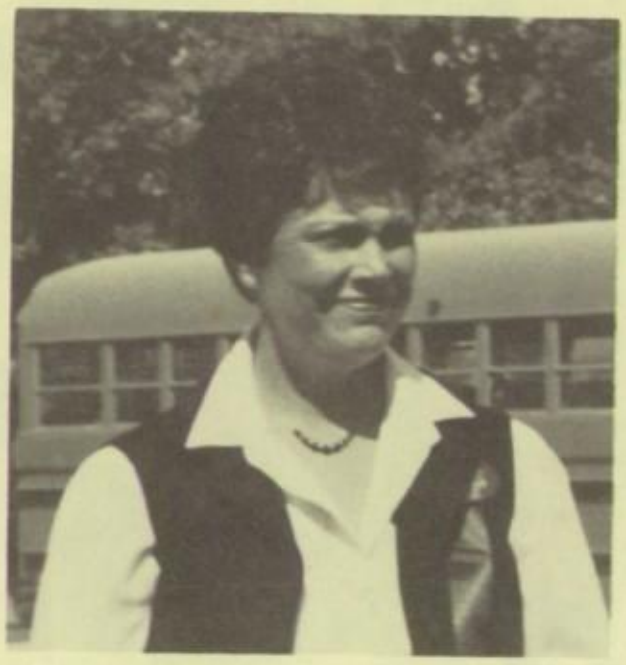
This is what you call a GROUP cheer.



Dana Crabbs-sponsor

Our varsity cheerleaders received three superior ribbons and one excellent ribbon this June at the Tarleton State University cheerleading camp. Spirit sticks were given to the most spirited teams each day and our team brought one home for every day but one. Forty-eight squads attended and ours was chosen as one of the eight finalist for the Award of Excellence.

The profits from a softball tournament and a cheerleading camp for elementary kids were used to pay for their uniforms this year.

BAKE SALE PAYS FOR FLAG'S UNIFORMS

The Flag Corps had a big bake sale in order to earn money for their pep rally uniforms.

They earned several ribbons and buttons during their week long camp at North Texas State University this summer. The group was especially proud of the Excellent ribbon that they earned at Grand Championship competition.

OUR TWIRLERS MAKE TEXAS TWIRLER HONOR ROLL

Twirlers pep us up for the game against Henrietta.

Susan Anderson & Bonnie Hand were named to the Texas Twirler honor roll this past June when the twirlers attended Marching Auxiliary Camp at North Texas State University. The group was awarded a spirit baton each night and brought one home at the end of the week.

Their fund raiser was a very successful softball tournament, which paid for their uniforms.

Making a cake can be a handful, but not of trouble, of icing. Just ask the kindergarteners. They didn't mess up any knives icing their cakes they just used their fingers. That made it even more homemade. Then they decorated with gum drops, coconut, chocolate chips, and nuts. After it was all put together, they finally got to eat it. Boy was it good, but it sure was a MESS!!!!!!!

Ode To A Crayon Box

Every night when the kids are out of school I just sit there and wait until morning, but when morning comes "oh boy" am I in trouble. Those nice, sweet, and loveable First Graders become mean, cruel, and wicked crayon busters, that are just sitting there in their other classes waiting to bust me up. If I could really talk or maybe even carry a picket sign, I would go on strike; but I can't so I'll just have to take the punishment of being a poor defenseless box of crayons. Those kids won't even give me a "break." Some of them press down too hard on their paper and that really hurts, but some of them actually have the nerve to put me in a pencil sharpener and grind half of me away when all they would have to do is tear a little bit of paper off of me. I guess those kids will never learn, but what do I know I'm just a poor defenseless box of crayons.

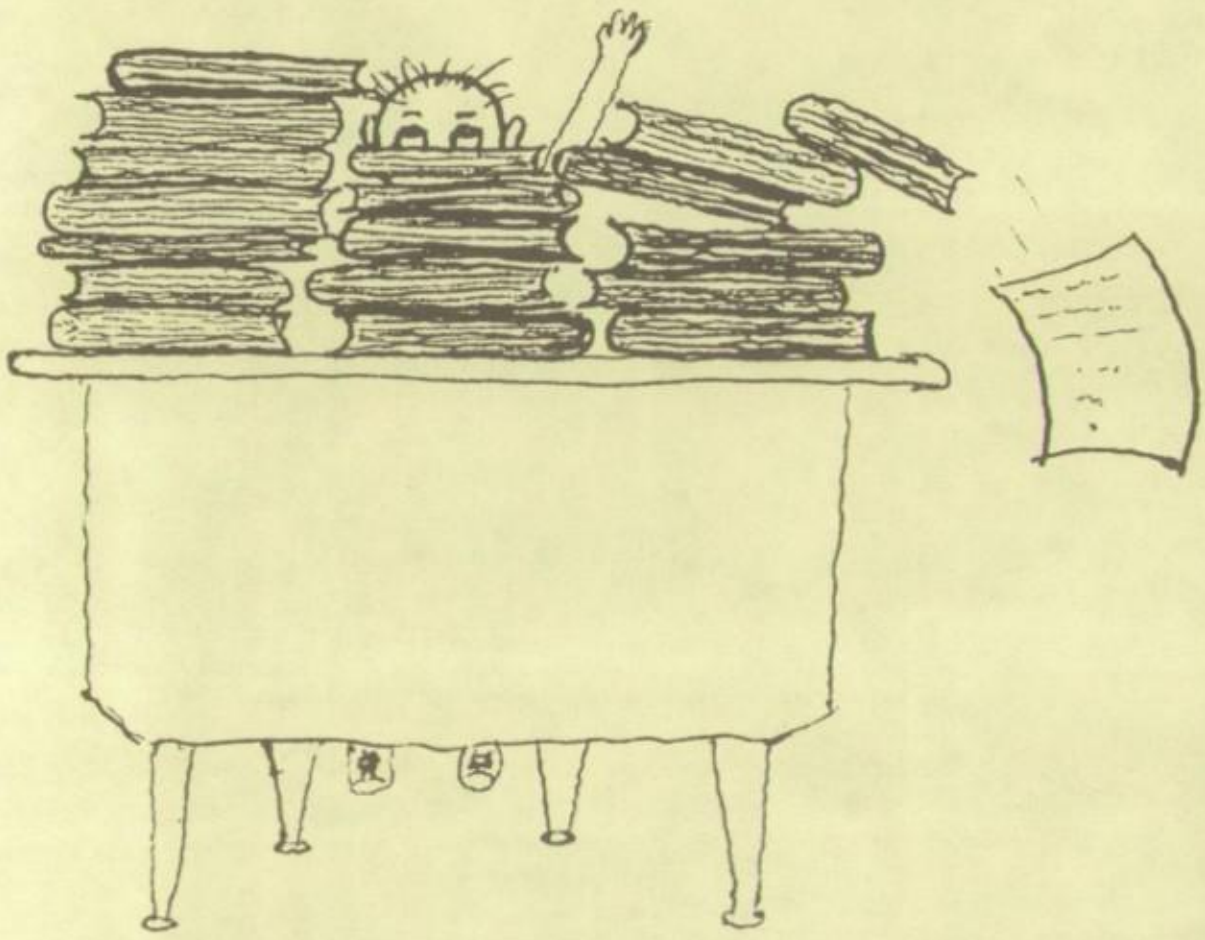
ON THEIR WAY



Up To My Ears

Ahh, homework again? It seems like I'm up to my ears in homework! I thought Fourth Grade would be easy for someone with my intelligence, but I was wrong. Work, work, work is all I seem to do.

I go home in the afternoons and turn on the Flintstones in an attempt to soothe my mind in a tranquil environment. My mom's voice is suddenly heard in the background, "Got any homework?" I want to tell her no, but I can't lie to my mom. It always catches up with me, especially at report card time.

The fifth graders were stuck on stickers and they stuck them everywhere — on notebooks, lockers, walls, and even on each other.

We asked them what else they were stuck on. Their unanimous answer was, "The Von Erics!" If you wanted to find a fifth grader this year, all you had to do was look in front of a TV set when Saturday Night Wrestling was on.

HALFWAY THERE

We Made Candy Jars!

What did you give your parents for Christmas when you were in the sixth grade? Mrs. Jeana Garber helped her Sixth Graders with this problem.

First each student had to bring a jar and his favorite kind of candy; some of them brought lemon drops, others M&M's, and some even brought bubble gum. Then Mrs. Garber helped them make a special dough that they shaped on their lids. They glued their candies to the mound of dough and sprayed the finished product. They filled the jars, added a ribbon, and their problem was solved. Mother & Daddy got candy jars for Christmas!!

SEVENTH GRADERS ARE

Seventh graders are real excited this year because of all the new things they experienced this year. First of all, seventh grade boys tackled their way through football season cheered on by the first time cheerleaders and pep squad. The ones with musical talent froze their lips off, during high school football games.

Basketball wasn't totally new, but they polished up their skills and learned to work as a team.

Seventh graders are definitely movin' on up to bigger and better things.

STUDENT LIFE

MR. AND MISS C.H.S.

No wonder Russell Black was chosen Mr. C.H.S. He participated in varsity football, basketball, baseball and track. He served as President of FFA and was elected Most Attractive four years in a row. We are lucky to have a senior like him.

We were also lucky to have a senior like Celina Hartsell. She has participated in varsity volleyball, basketball, tennis, track and has been cheerleader for four years. She was also chosen as football sweetheart. Celina has been a very active part of our school.

Bryan Davis

Bryan Davis, better known as "Rabbit," was elected Best All Around by his fellow students. He participated in varsity football, basketball, track and baseball. He served as an FFA member and was chosen Wittiest of the senior class.

Jodi Buckingham was also elected Best All Around. Her outstanding athletic ability has made her an asset to the varsity volleyball, basketball, track and tennis teams. She is active in FHA and Beta Club.

HOME-COMING QUEEN

Kay Miller

Kay Miller, representing the junior class, was elected homecoming queen this year. She has been varsity cheerleader three years, has participated in varsity basketball, volleyball, and tennis. She has been voted most Spirited for three consecutive years and was elected Most Attractive of the Junior class. Kay is the daughter of Mr. and Mrs. R.D. Harless.

WE ALL NEED ENGLISH

On term papers this year I found that Granny's term paper was easier than last year. This year I also enjoyed it more. I found a lot of information and learned quite a bit, about Texas Indians. Term papers are time consuming; and I'd rather not do them, but I guess I'm stuck with it.

Larry Hargrave

I didn't enjoy writing my term paper, but I do like looking up the material. I like to look up all the different books and magazine articles related to my topics. And even taking notes is okay. I just don't like having to write things down because you know how well my sentence structure is.

HISTORY TEACHERS OF PAST, PRESENT, AND FUTURE

This year Chico didn't make much history. Students worked on Texas and American History and the Seniors studied Government.

Many of the history classes did reports on famous men and women of our country and studied the events covering all corners of the world.

History teacher Russell Glascock takes students back in time.

ANNUAL STAFF STRUGGLES TO MEET DEADLINES

We wanted to be on annual staff so badly. It was so much fun to take pictures and do layouts, and then the first deadline came. Deadlines are murder! We never realized how much hustle and rush goes on behind the scenes of a yearbook.

MRS. BURGESS' F.H.A.ers

This year the FHA had many people come give demonstrations. Once there was a candy demonstration. They also served for the Lion's club, cooked for the school board once a month, and made bread for the elderly of our community.

They had many money making projects such as selling flower grams and Tom Watt.

The Homemakers had Halloween and Christmas Parties. Many people showed at the Youth Fair and Chico Project Show. And then, there was the big event, a style show for the whole school. Karina Kronenberger also was named Area Secretary.

The FHA leader, Mrs. Burgess, who worked so hard to help the organization, deserved more credit than she got. Although at times, the kids seem very unhappy with her for pushing them so hard, in the end they understood her reasons for doing so. She expected a lot and usually got it.

GREEN HANDS

Considering that this is their first year, the Chico Greenhands have really accomplished a lot. To start the year out they elected their officers. Jerald Stinnett was elected president and did a super job of leading the Greenhand Chapter Conducting team. Of course saying the F.F.A. Creed is all a part of getting a Greenhand pin and degree. The Greenhands have participated in selling fruit and sausage and placed third in the Quiz Team Competition during the first semester; during the second semester they did shop work with wood and metal and participated in several shows.

THE NEW BEGINNING FOR F.F.A.

The Chico F.F.A. enrolled thirty-five Chapter Farmers. The year started off with the selling of sausage and fruit. They participated in the first annual Chico F.F.A. and 4-H Prospect Show. During class they also went out to the new ag barn and worked so that the new barn would be finished by spring. In Ag II they learned woodworking, and in Ag III they learned how to weld and build metal items. The Ag IV class really has been busy with shop work, too. There were also a lot of chapter farmers on the show string. The shows that were represented by Chico were Fort Worth, San Antonio, Houston, and Bridgeport. The busy year finally wound down with the Wise County Youth Fair.

OUR BAND MARCHES ON

For the past 3 years the Band has had the priveledge of having Mark Hill as a band director, he has done alot for us in these past few years and we really do appreciate him, and we have learned a lot from him. The first year he was here he took a group to a Lake Worth contest for solists and came back with 11 people that made it, and he took the high school band to Sandy Lake we played "The Yellow Rose of Texas" and "Rainy Days and Mondays", we received a 2 from the judges and after the contest we had the rest of the day to ride all the rides and have all kinds of fun. Every year since Mr. Hill has been here we have received a 2 at Sandy Lake and that's pretty good.

This year we lost alot of the band members to other activities, but we kept on playing. We were at every Pep Rally and every football game, rain or shine.

The officers this year helped set an example for the younger, less experienced members on and off the marching field. One officer that really did a lot was Jeannie Thompson, the Drum Major. Our other officers were Lindsay Hicks, president; Lesa Armor, Secretary; John Hallenbeck, manager; and John White, Uniform Chairman, who gave up alot of his time to get the New uniforms ready for Friday nights and parades.

The Chico band has came along way, but they still have a long way to go.

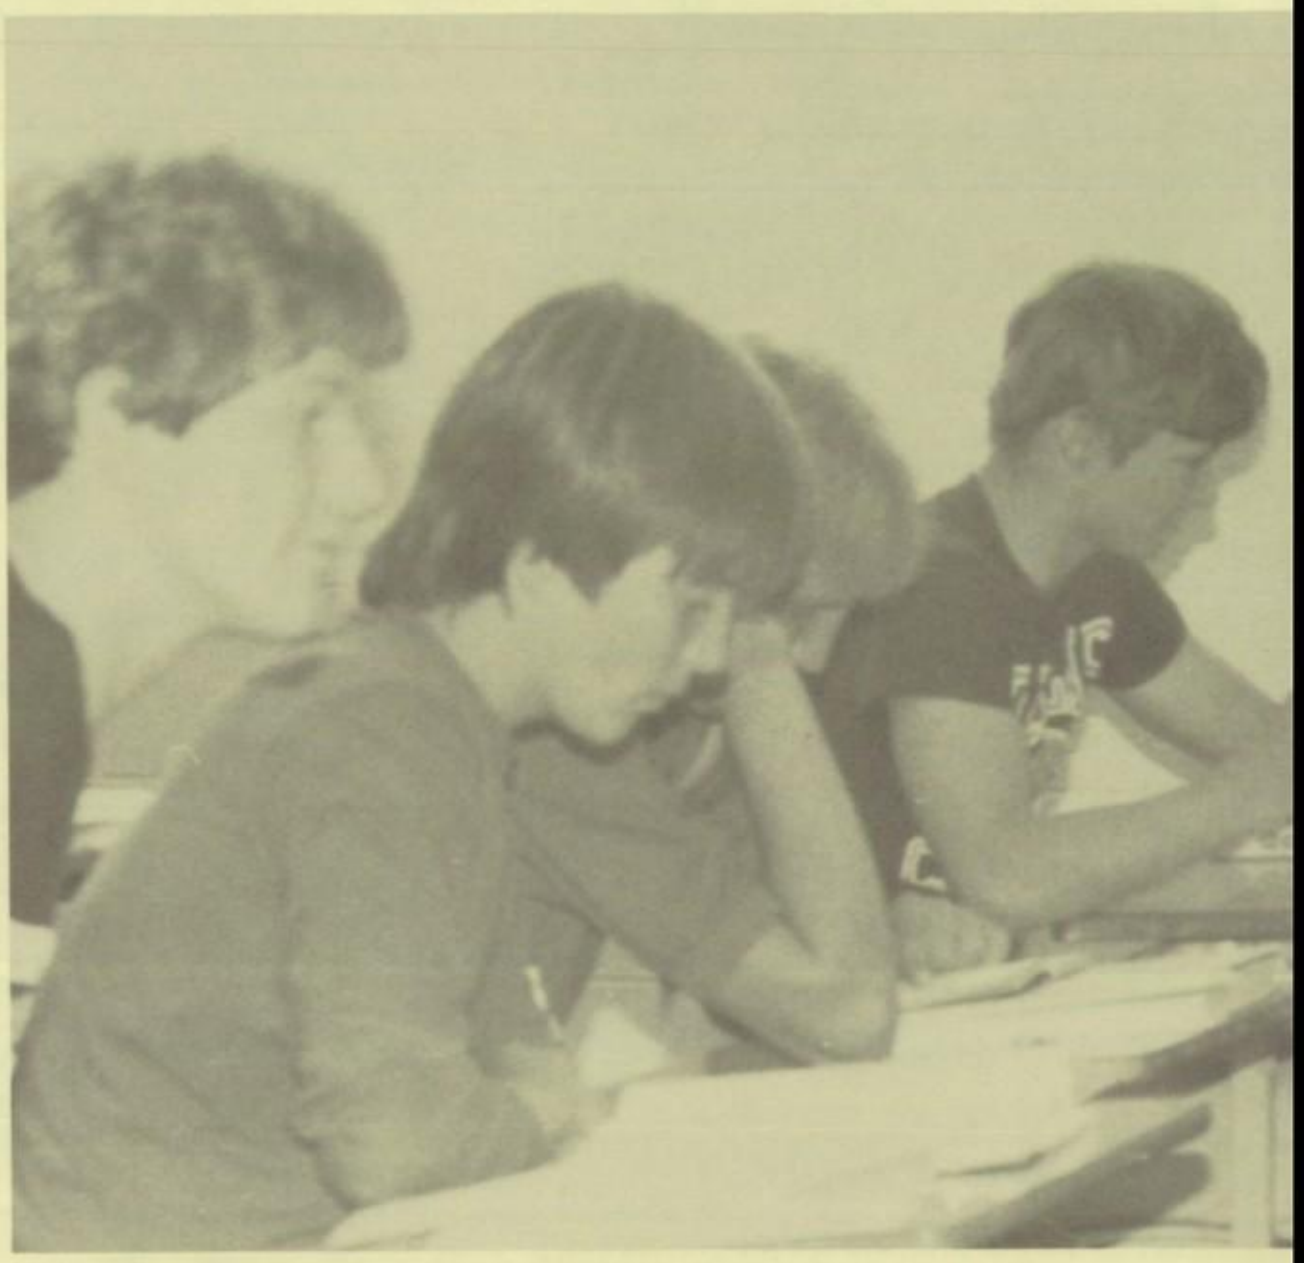
BUSINESS AS USUAL

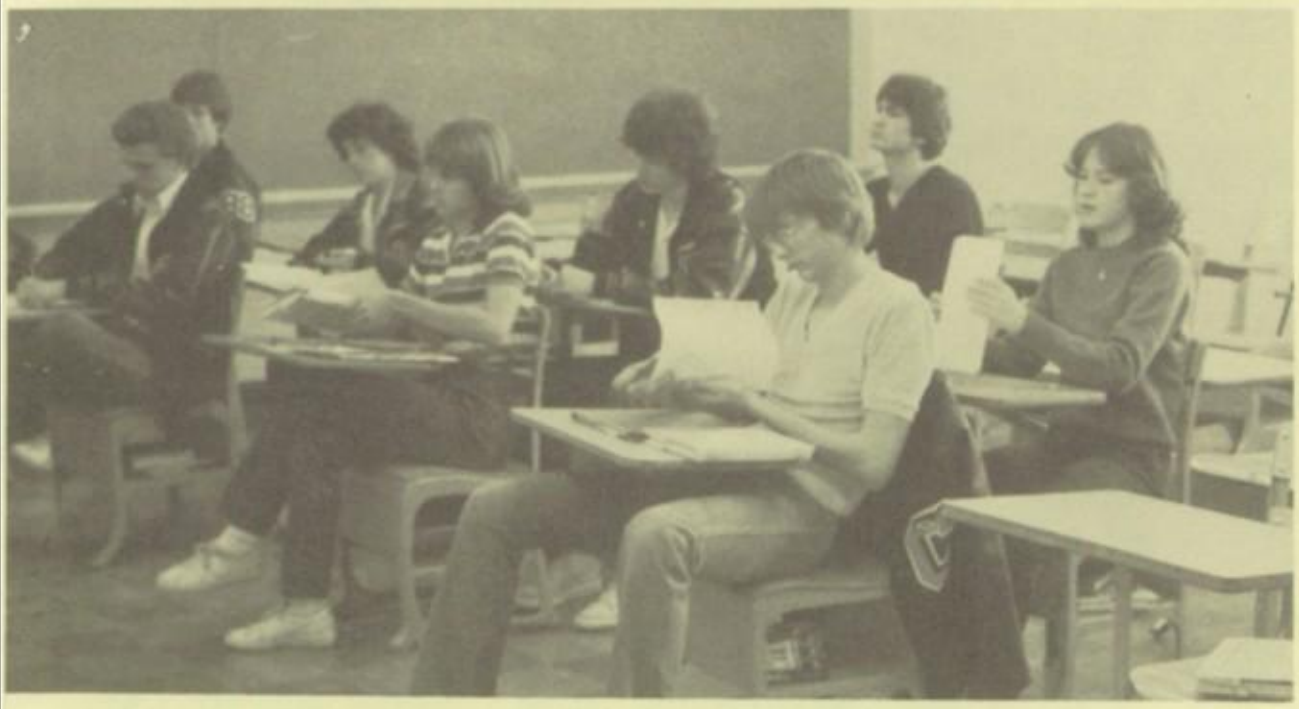
Typing seems enjoyable to Ronnie McGuire.



New methods for business students.

Typing II discovers there's more to it than it seems.

Computers look like the new thing at C.H.S.



Trigonmetry class works hard.

MATH, WHO NEEDS IT? YOU DO!

We had two computer whiz-kids, Larry Hargrave and Riley Kyle. The word "interested" isn't strong enough to describe them. They ate, breathed, and slept computers.

These two boy-wonders were rarely seen in their classes. They would lie, cheat, or steal to get out of class to work in their office.

And their office! Interior decorators were jealous. Awards on the wall, leather chairs, and computer paraphenalia turned an old closet into an executive's dream.

If it could be done with computers, they tried it. Grading systems, TAB graphs, and even the playing of the school song were a sample of their accomplishments.

BETAS HELP OUR SCHOOL

The club gets bigger and better every year. Twenty-six industrious members carried out the club's responsibilities this year.

Beta Club is hard work. Not only must the students keep an 88 average, but they must also open the concession stand every morning, so that the high school has doughnuts and juice.

Beta club is fun. The State convention was held in Fort Worth, and Jeannette Collier ran for secretary. All of the club members dressed as characters from the Old West and circulated among the crowd passing out "Jeannette's the Best Bet" Tokens.

National Beta Club week is enjoyed by the entire school, as Beta members sponsor various activities such as Teacher Appreciation Day and a pie-eating contest.

At their annual Christmas party and business meeting, it was decided that the academic requirements of Beta should be the same as National Honor Society; therefore, the minimum average required to get in to the club is now 90 percent.

The first school house was erected in 1873, three and half miles northeast of the site of Chico. The school was nicknamed "Sling Mud" for it was on the Butterfield Stage Coach Route, and it would sling mud on the building as it rolled in. Twelve to fifteen pupils were in attendance.

SAVING TIPS on electric air conditioning

Air conditioning provides lots of comfort during the summer months but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1 Set thermostat on 78° or higher, during the summer. Turn unit off if you'll be away from home several days.

2 Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.

3 Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions. If it's disposable, it should be replaced when dirty.

4 Keep furniture, draperies away from air outlets and returns. Clean grills often.

5 Close draperies and blinds to keep out direct sunlight.

6 Keep fireplace damper closed.

7 Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.

8 Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

9 Weatherstrip doors and windows, caulk cracks to prevent drafts and cool air loss.

10 Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

11 Buy units *with highest* energy efficiency ratio (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide wattage into BTU capacity. Both figures are on unit.

12 Place unit where it'll get as little direct sun as possible.

13 Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.

14 Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And in as many other ways as possible. TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

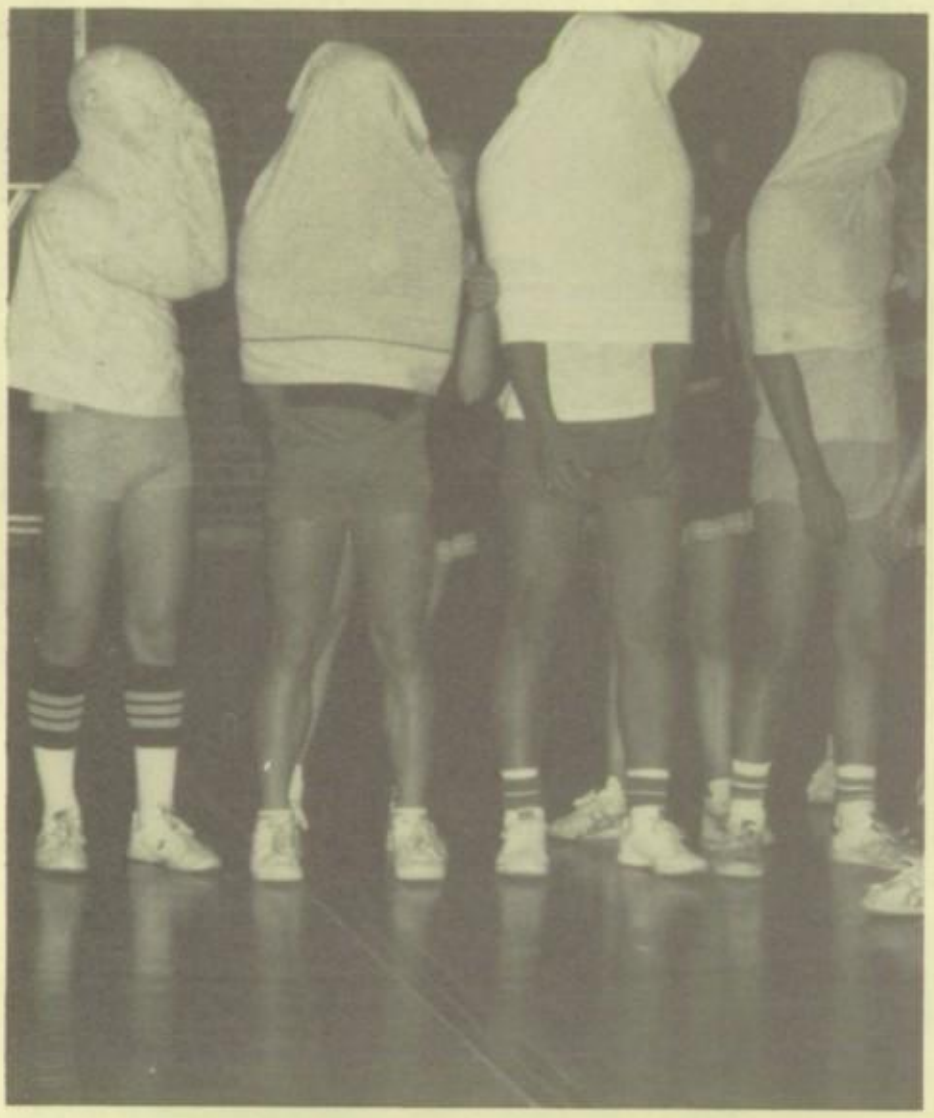
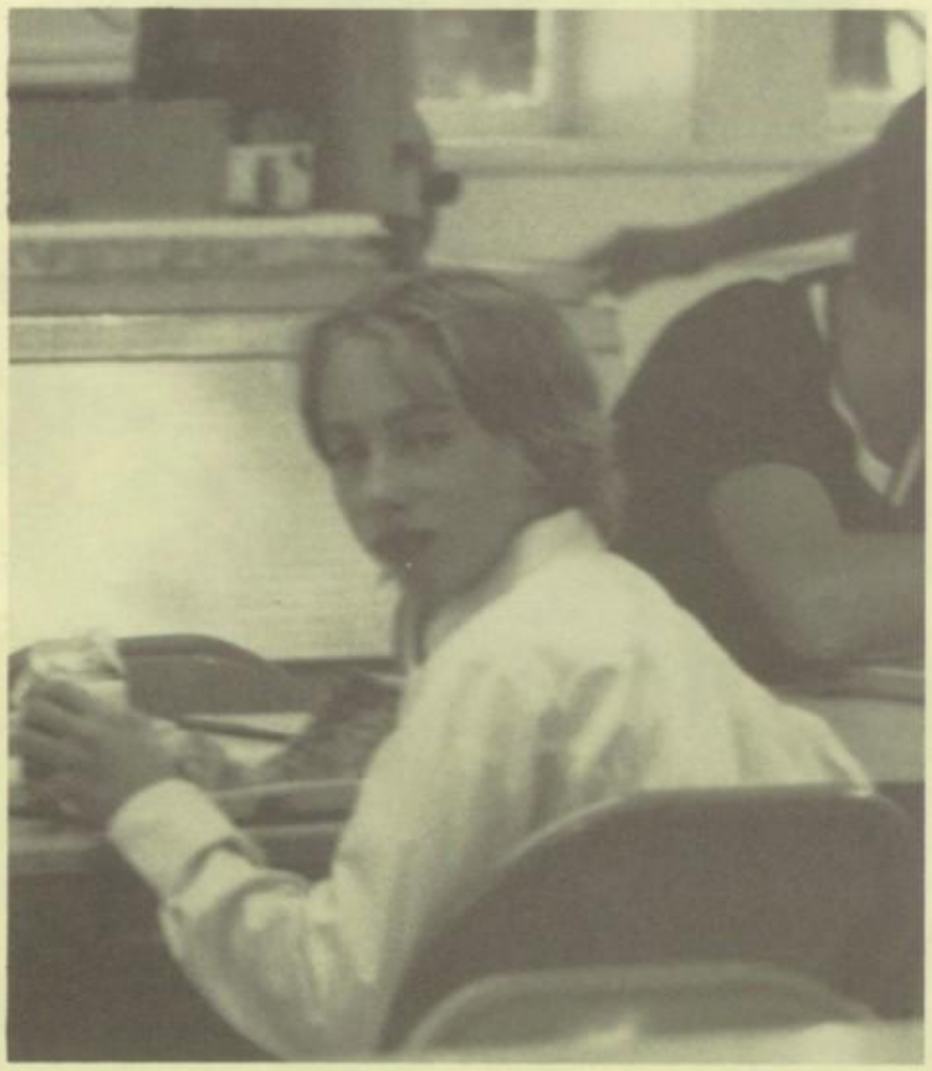
FAMILIAR FACES, FAMILIAR PLACES



Our guys' sexy legs.

Kay Miller, do you have a hangnail?

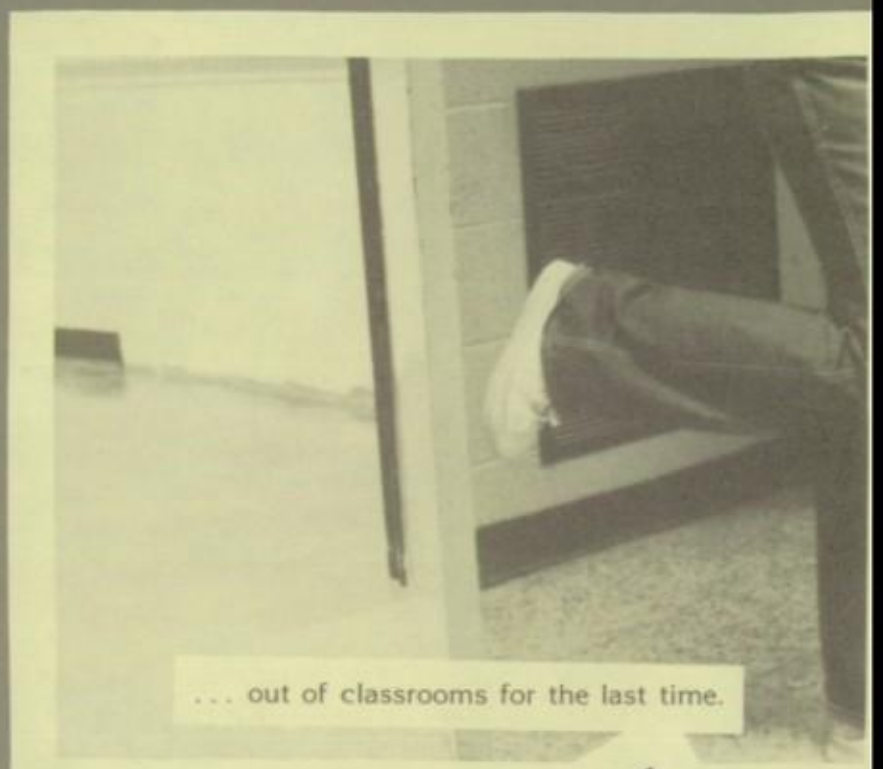


Hi, there, Aaron Harvill!

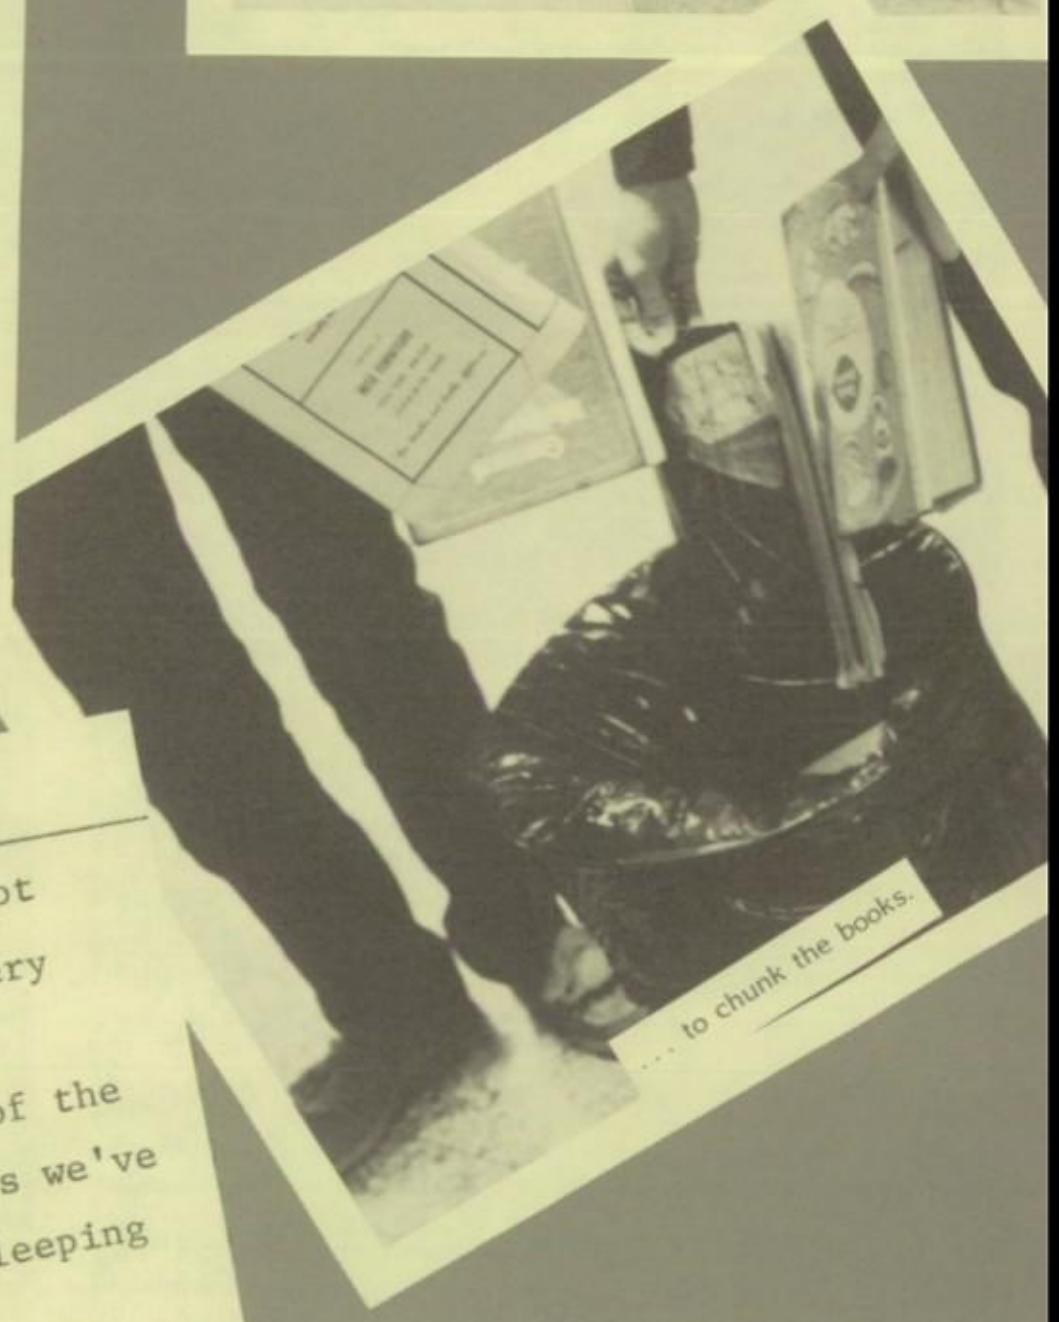
Here's lookin' at you, Pennie Nichols!

GOING . . .

. . . shopping with Julie and Sharla for summer clothes.



. . . out of classrooms for the last time.

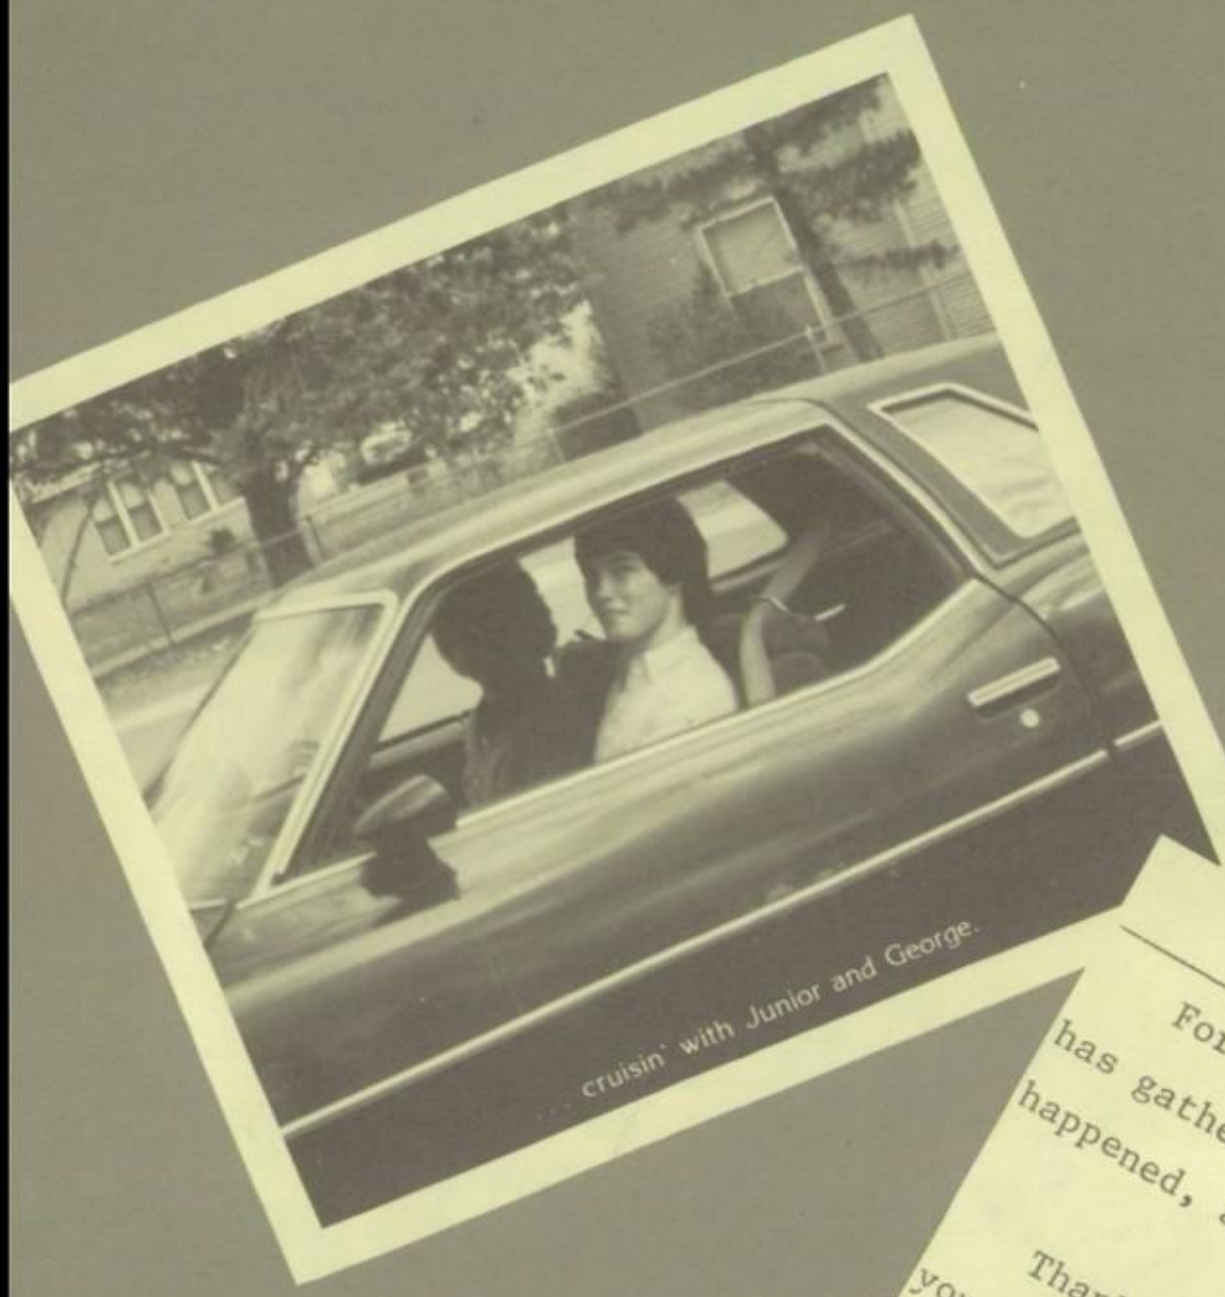


. . . to chunk the books.

We goofed off; we worked hard. We got griped at; we were praised. It was a very good year and it's coming to a close.

Summer is nearly here. That time of the year when we got to do all those things we've wished we could all year long--like sleeping late, or swimming, or just nothing.

. . . GOING . . .

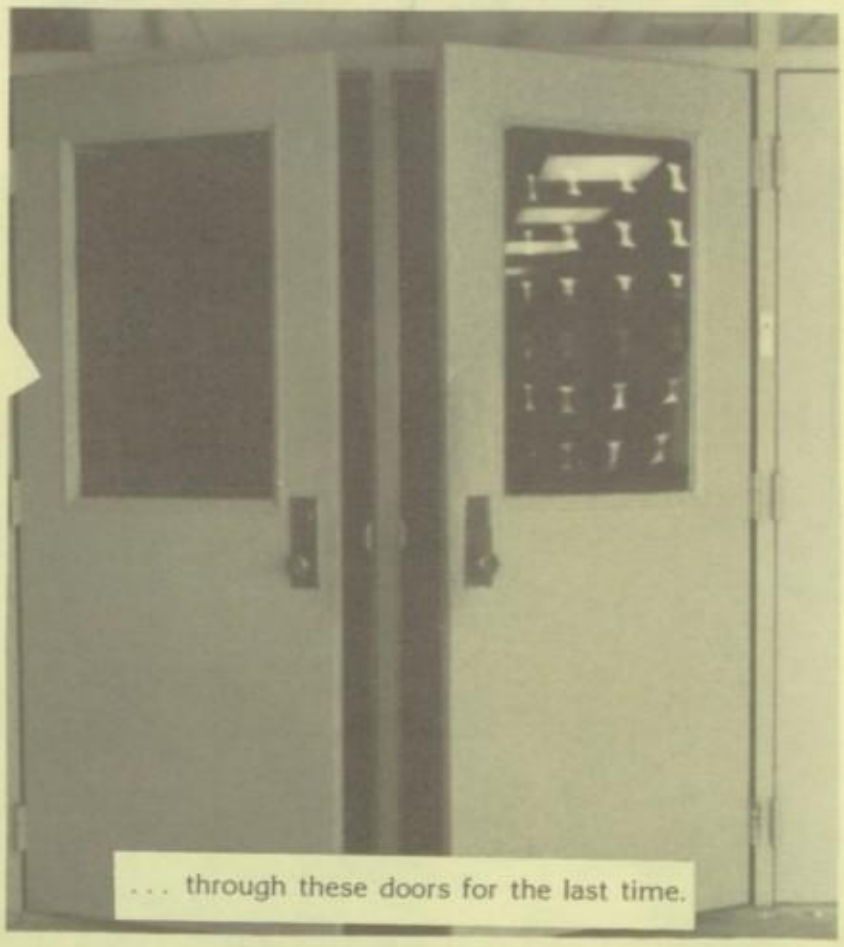


cruisin' with Junior and George.

For nine long months the annual staff has gathered scraps from everything that happened, and

T.G.I.F.

Thank Goodness It's Finished. We hope you enjoy perusing this book as much as we enjoyed putting it together.



. . . through these doors for the last time.

. . . to catch up on Soap Operas.

GONE!
